

## **MEMORANDUM**

**TO:** Interested Persons

**FROM:** Brian DiNapoli

**DATE:** September 24, 2004

**SUBJECT:** County Jail Report – September 2004

Enclosed is the County Jail Inmate Information Report for September 2004. This report reflects the inmate population on Thursday, September 2, 2004. This month, all 149 of the functional county jails provided inmate information. The data in this report represents 100 percent of the county jails reporting and 100 percent of the State's population.

In September 2004, the number of inmates held in county jails *increased* by 456 inmates to 34,193. Meanwhile, there was no change in the capacity of county jails, capacity remains at 36,539. There were errors on the capacity of county jail figures on the Memorandum, first page, on July 2004 and August 2004 jail reports; however, these figures have been corrected on the Department of Community Affairs website.

The number of inmates awaiting trial *increased* by 304 inmates to 21,135 and the number of sentenced inmates awaiting transfer to State Institutions *decreased* by 108 inmates to 4,019.

The complete jail report for each month from January 1987 through September 2004 is available on the web at: <http://www.dca.state.ga.us/research/publicsafety.html>

Also, the Georgia Department of Community Affairs recently completed their 2004 Wage and Salary Survey. According to the survey (243 municipalities reporting), the average starting salary for a municipal police officer is \$23,536; meanwhile, the average starting salary of a county police officer (13 counties reporting) is \$28,495 and the average starting salary for a deputy sheriff is \$23,355 (121 counties reporting).

This link will also allow you to research salary levels from 1996-2004 and to review a wide variety of salary ranges for local government positions at: <http://www.dca.state.ga.us/dcawss/reports.html>

<sup>1</sup> In cooperation with the Georgia Crime Information Center, the Georgia Department of Community Affairs compiles and publishes this report for the Georgia Sheriffs' Association and the Association of County Commissioners of Georgia.

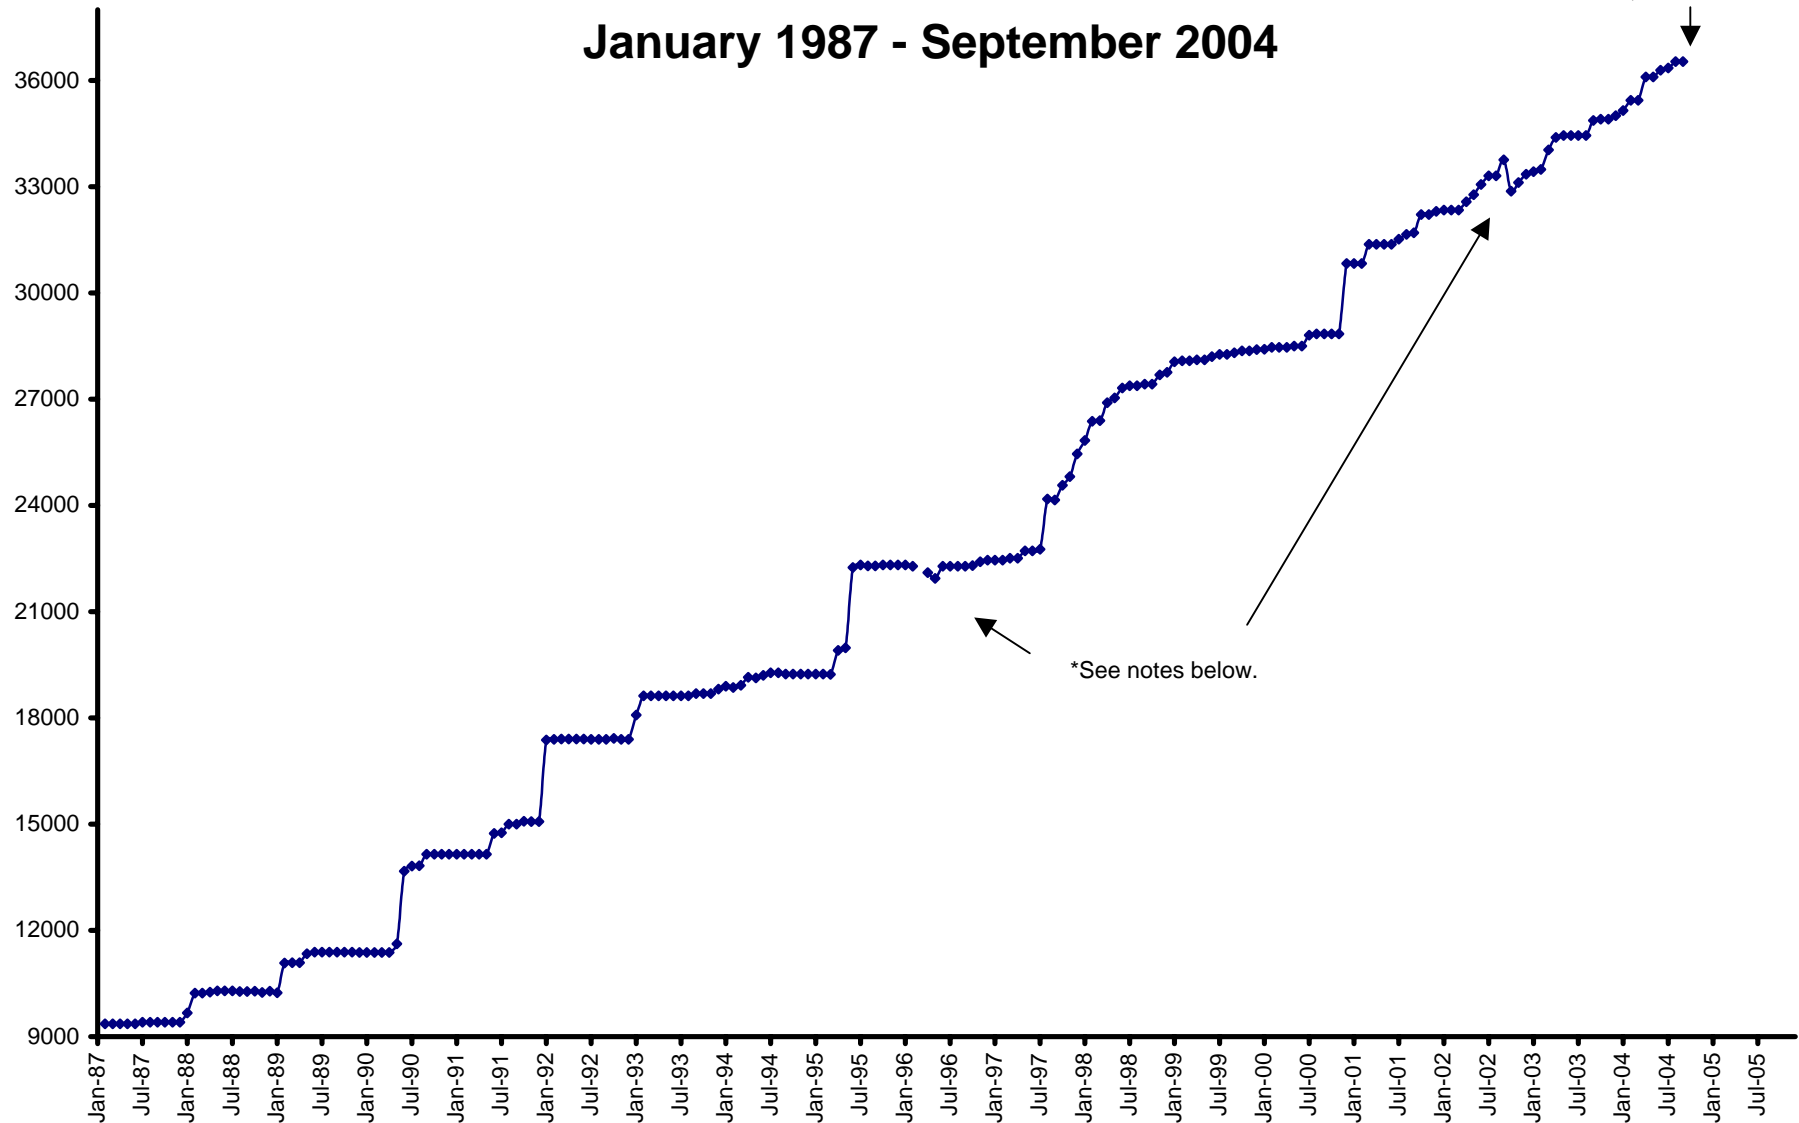

<sup>2</sup> This figure *does not* include jails presently at 100% or that would exceed 100% if not for the boarding out of inmates. Since the purpose of this report is to count the total number of inmates housed in county jails, there are no provisions in this report to separately count the number of inmates sent to other county facilities for housing. Rather, each county reports only on the number of inmates held in their facility on the first Thursday of the month. Inmates that are sent to other county jails for housing are counted by the county jail housing those inmates. Since municipalities do not report inmate statistics, any Sheriff that sends inmates to a city jail for housing should count those inmates in their county totals when reporting to GCIC.

# Composition of County Jail Population September 2004

# CAPACITY OF COUNTY JAILS

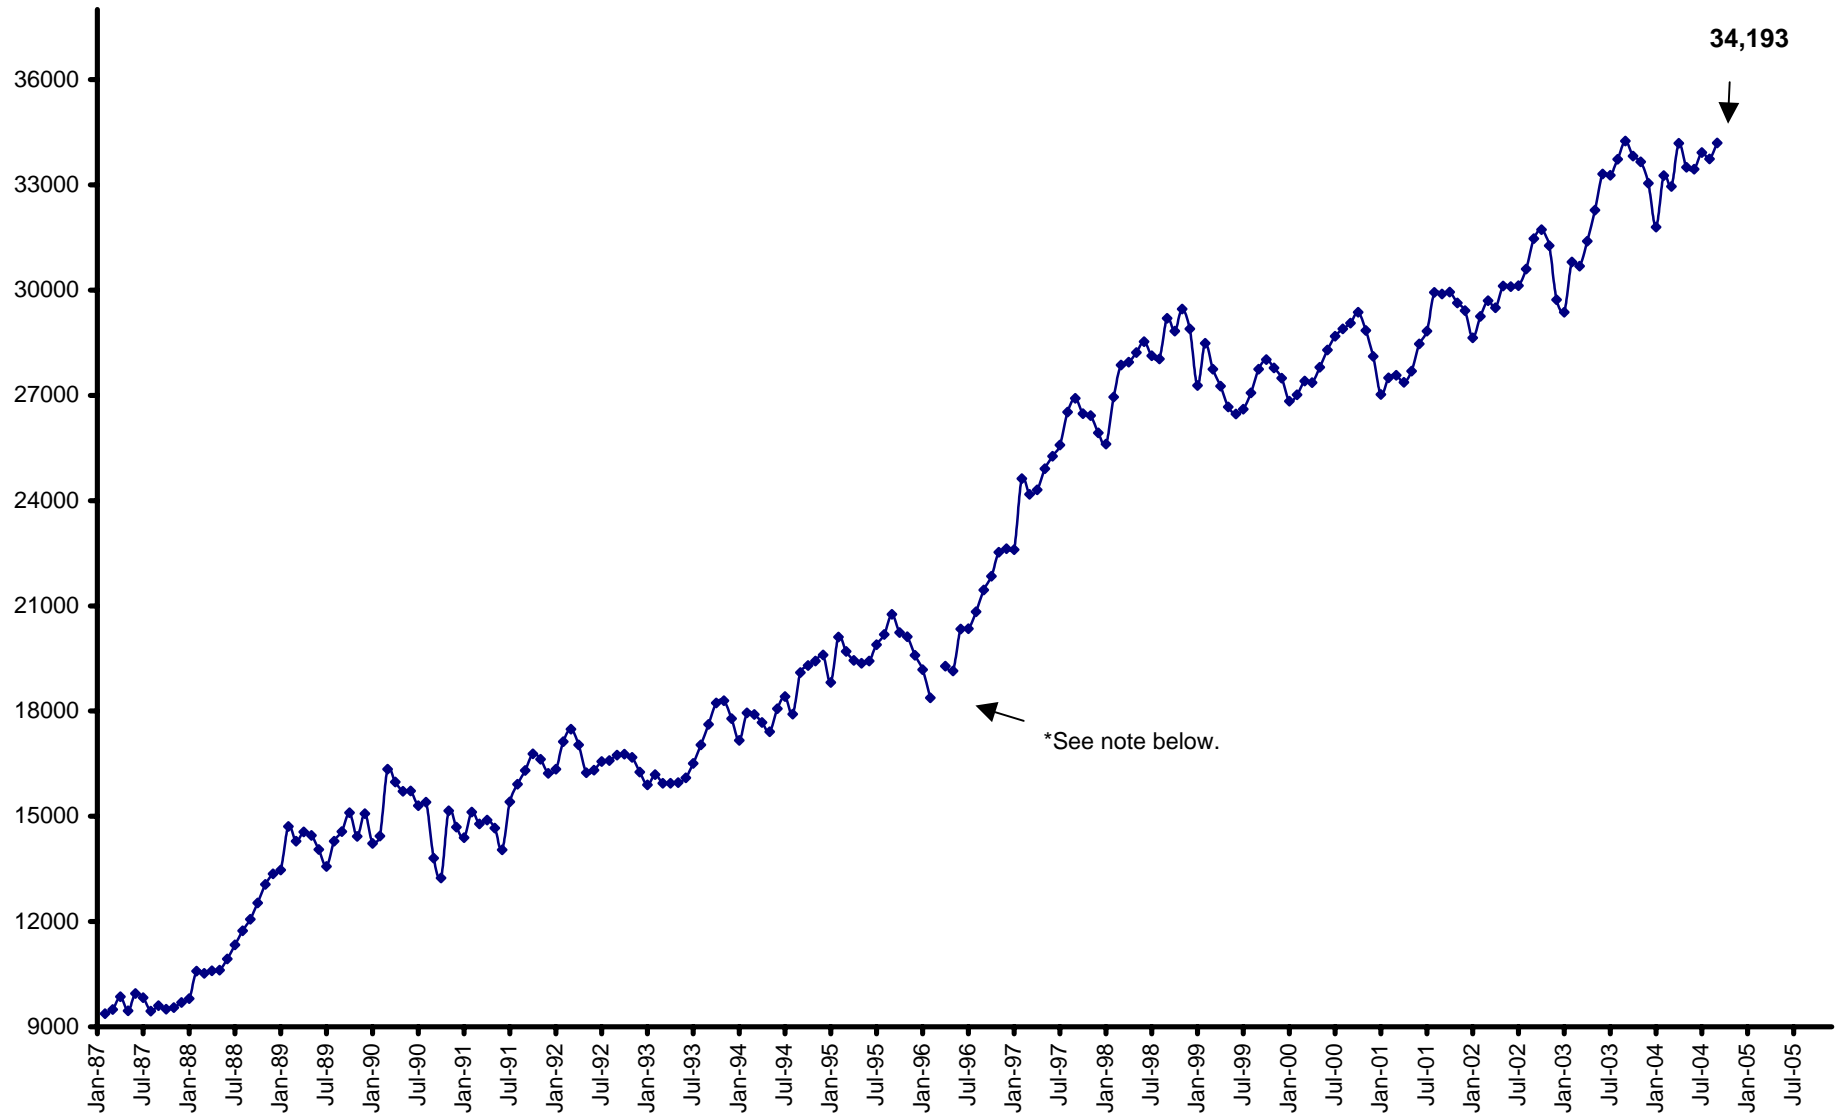

January 1987 - September 2004

**\*NOTE:** Only 101 counties reported data for January 1987 while 80 counties reported data for March 1996; therefore, data is not shown for these two months. The capacity dropped significantly in October 2002 after Clayton County closed 890 beds because of staffing shortages.
